Greenwood	Small	100	Older garden, politics within garden have made downsizing difficult; about ten years ago, after gardener complaints, staff agreed to maintain a base number of 200 sf plots. Staff have tried to reduce larger plots as they open. The garden needs more people. Complaints will emege from this garden because of gardener dissatisfaction after staff removed long term gardener and former owner of site from site leadership.	Debby Norman	200	100	1	Ph 12/18/12
